Thomas Williams II and Charlotte Kentwell were married at St John’s Parramatta on 13 November
1820. Both fathers were dead and their mothers had remarried. Although Ann Moulds was blind
she and Elizabeth Thompkins, were still very much alive.

*The witnesses to the marriage were the bride’s new step-father Thomas Thompkins and groom’s
married sister Mary Dale. Mary and John Dale were among the earliest settlers of Dural.*

Their house was on the Pye grant and stood a little north of the present Anglican cemetery. By
1842 John Dale had 31 acres under cultivation.

9) ‘WARTS AND ALL’ WRITTEN BY FF DESCENDANT LÉONARD WILLIAM
# 6303.

In Chapter 10 Leonard sets out the details which assists in identifying that Thomas
Williams Marine on Friendship was the father of the two children with Ann Davis Convict
Lady Juliana.

The fact that Thomas was working as a miller is crucial in assisting to confirm that he was the
Marine on the Friendship. (See also comments under 1) and 4) above)

The Fellowship has accepted that Thomas Williams Marine Friendship is the same
Thomas Williams who had a relationship with Ann Davis Convict Lady Juliana and
there is a general acceptance by most researchers that the Thomas Williams who
died in 1830 is one and the same that had a relationship with Ann Davis- Convict
Lady Juliana and was the father of the two children - Thomas & Mary. And the information noting that he was the same Thomas Williams who was a miller assists in confirming this acceptance.
